

## English Language Policy

1. At A.L.I., you must communicate with other students, teaching staff and administrative staff in English at all times.
2. If you do not respect the policy, you will receive a warning.
3. After the third warning, you will be suspended from A.L.I. for 2 days.

I ..... (*Name of student*)..... agree to comply with the A.L.I. English Language Policy.

Our Language Policy could be described as tough love! In other words, we know our policy is good for you even if it can make your time with us a little more challenging.

ALI offers its program in a language immersion environment. In our program, it is essential to communicate in English at all times. It is particularly important that you use breaks and social occasions to practice the language you are learning. Talking with friends after class is a unique opportunity to improve and practice what you are studying in class.

At A.L.I., we know it will be challenging for our students to use only English, but we believe that it is our responsibility to insure that each student improves as much as possible while at A.L.I.
